HELP LOCAL WEST VIRGINIA KIDS

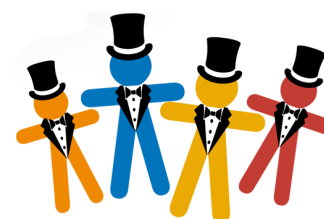

WVU Medicine Children's provides specialty maternal, infant, and pediatric care for families in West Virginia and the surrounding region. We offer care to premature infants and children with life-threatening conditions through adolescence to adulthood.

Our team of dedicated physicians and staff in the Ohio Valley provides care to the community's children from maternal development, to birth, through adolescence. In addition, we offer intensive neonatal care and pediatric inpatient services. Last year, kids from the Ohio Valley were treated at WVU Medicine Children's hospital or clinic nearly 43,000 times.

We are committed to improving the health of our region, the time is now - the place is here - and we need your help.

Our goal is for every West Virginia resident, no matter how small, to receive excellent care in their community and to stay in the state for their healthcare needs.

Proceeds from last year's WVU Medicine Children's Gala in the Ohio Valley were used to help bring us one step closer to building the brand new WVU Medicine Children's Northern Region Outpatient Center.
